Re: Readsboro Bridge Replacement Rural Surface Transportation Grant Application

Dear Sir or Madame:

This letter certifies the availability of state matching funds by the Vermont Agency of Transportation (AOT) for the purpose of matching this grant. AOT has access to approximately \$325 million in state transportation funds on an annual basis from fuel taxes, motor vehicle fees and purchase and use taxes. Funding from these sources will be used to match this grant.

Sincerely,

DocuSigned by:
